Powerful, Reliable Magnetic Tool Storage for Spray Guns

New Tool Holder Joins Popular Line of Tool Storage and Holding

Castle Rock, Colo., August 8, 2017 – Hold, store and organize gravity fed spray guns or other heavy tools with this new powerful magnetic spray gun holder from Master Magnetics, Inc. (The Magnet Source®).

“Our customers love the flexibility of both storing and moving their tools with our magnetic tool holders,” said Melissa Thompson, sales manager for Master Magnetics. “This new magnetic spray gun holder is the perfect addition to our line, providing even more holding options.”

It’s easy to reposition this magnetic holder, ensuring an efficient work area where it’s needed most. The heat-resistant, vinyl- covered hook protects tools from damage and the durable silicone-coated base prevents surface scratches without sacrificing any of its amazing strength.

The magnetic spray gun holder keep tools easily in reach and safely stored on any flat ferrous metal surfaces in paint booths, mixing rooms, garages and other manufacturing operations.

Additionally, users will notice:

- Powerful neodymium construction
- 105 pounds pull
- Heat resistance to 175 degrees Fahrenheit (80 degrees Celsius)
- Silicone-coated base and vinyl covered hook protects surfaces and tools from scratches
- Securely holds tools in place, magnet doesn’t slide or tilt out of position
